

FACT: Your top performers fuel your company's competitiveness.

FACT: Emerging leaders possess unique skills and motivators that can be enhanced and nurtured.

FACT: **Get Your Edge** has the program to accelerate the development and growth of your high performers and emerging leaders.

**Take the
LEAP
with
Get Your Edge**

(L)eadership (E)xcellence (A)cceleration (P)rogram

LEAP is the "High Performance Program" which sparks the leadership skills of your top emerging leaders and dramatically improve their results. We will engage and empower your emerging leaders to make better decisions, work more efficiently and enhance their strategic leadership skills. In most instances, you can expect a 20%-50% increase in their bottom-line after just a few months in the LEAP program.

LEAP consists of a combination of individual coaching, assessments and group workshops.

- Coaching** One-on-one, in-depth appointments to discuss leadership style, current challenges and future goals and priorities.
- Assessments** DISC and Emotional Intelligence reports will be utilized to provide benchmarks on improving leadership development.
- Workshops** **Get Your Edge** presents various workshops including Improving Communications Skills, Delegation, Strategic Leadership, and Effective Feedback. Most workshops are available to LEAP participants at no additional charge. Schedule workshops into your calendar to gain maximum benefit from LEAP.

**LEAP programs can be designed around your timeframe and budget.
You select your high performers. We do the rest!**

Take the **LEAP** today – we dare you. Contact Ted Gorski for more information.
